**PLAINTIFF'S MOTION FOR EX PARTE
SUPPLEMENT TO MEMORANDUM IN
OPPOSITION TO DEFENDANT'S
MOTION TO DISMISS FROM INX**

Defendants.

SCHNEIDER RUSINISKI ENTERPRISES ("SRE") respectfully submits this Ex parte and supplement, to Memorandum in Opposition to Defendant's Motion to Dismiss.

SRE made calls with the clerk's office and Judge Hays clerk Robert on February 26 2008, upon receipt of the Motion to Dismiss from the defendants INX. This call was *solely Regarding Verbiage* on motions "NO ORAL ARGUMENTS" the MOTION FOR DISMISSAL INX. At that time I informed both clerks that I was requesting oral arguments for the Calendared and time

1 allocated : March 24, 2008 at 11 am. Following the local rules, allowing for time frame to inform
2 the Attorneys, delivered, stated for The Motion for Dismissal filed by the defendant INX, on
3 February 19th 2008. Where as these rules and procedures are new to me, I reviewed local
procedures

4

5 Civil rule 7.1 (c. If either party indicates a willingness to submit a motion for decision without oral argument, the
adverse party shall promptly, but in any case not later than four (4) calendar days before the hearing
date, notify the law clerk of the assigned judge, by telephone, whether or not there is concurrence in
6 having the motion decided without oral argument. If so, the matter may be removed from the motion
hearing calendar, at the court's discretion, and the parties shall be so notified. If the adverse party
7 does not concur in submission of the motion without oral argument, the matter may remain on the
calendar, for such argument, if any, as the court may deem appropriate under the circumstances)

8

9 I have highlighted the applicable area, where it instructs me, “as the adverse party, if I don't
concur (agree) in the submission of the motion without an oral argument, the matter may remain
10 on the calendar”. “I would be notified” if it was taken off calendar, I was not. I request the
11 motion to again, to be heard.

12

13 I am requesting the courts to honor this, and hereby asking, to be heard Orally at the earliest time
for the courts. In view of the facts of not being heard, or possibly to “not be heard”, I have
14 submitted this supplemental response to INX Motion to Dismiss.

15

16 INTRODUCTION

17 In May of 2004, INX's subsidiary (INX), called from the Texas soliciting for financing and/ or
18 purchase of INX Call Center, software, licenses, and hardware network system, configured via,
19 telecommunications computer (access devices) “equipment” to SRE offices in San Diego
California. INX requested SRE to finance “equipment” to be placed in the United States at a
20 common telecommunications hotel, (colo facilities). SRE informed both verbally and on emails,
21 stated, that it does NOT do sales lease backs. SRE does NOT allow or do transactions, with any
22 suppliers (INX), that allow the customers that retain title. SRE stated it would only purchase, hold
23 title, have a condition of recourse as applicable to industry standard, similar, to the financing
24 company agreements that declined this deal with in INX in 2004. *Electronic Fund Transfer Act*
25 *of 1978 ACT U.S.C. Section 7001 (sub- sec- 7003 Section 2 Title 18 UC Codes Section 102*

26 We believe we will be able to prove, upon discovery, and at trial, that all defendants, are party to
27 the following actions, with regard to Federal Statute of Frauds § 2-212-§ 2-716, Computer Fraud
28 and Abuse Act, 18 U.S.C. §§ 1030 *et seq.* A, Electronic Fund Transfer Act of 1978 ACT U.S.C.

1 Section 7001 (sub- sec- 7003 Section 2 Title 18 UC Codes Section 1029 (relating to fraud and
2 related activity in connection with Access Devices. section CC-1341 (relating to mail fraud),
3 section 1343 (relating to wire fraud), section 1344 section 1029 (section 1343, section 1344
4 (relating to financial institution fraud), sections 2314 and 2315, (relating to interstate transportation
5 of stolen property section 1956 (relating to the laundering of monetary instruments). As stated in
the compliant, done by INX.

6 INX independently contributed, as well, as in concert, not only with it's subsidiary and it's
7 employees' INX agents, Bridges, Pace, Lane, and McCarthy, at the onset, induced, defrauded, an
8 conspired against SRE after accepting and using the funds, depriving SRE of the basic privileges of
9 ownership and control and return on investment of the Stratasoft, computer, software and licensed
10 systems, purchasing by SRE. SRE intends to prove through discovery that the defendant has INX
11 has committed, Internet Fraud, Mail Fraud, Civil Conspiracy, Misrepresentation, Inducement,
12 Intentional Interference with an Economic Business , UNFAIR BUSINESS PRACTICES
13 PURSUANT TO Business & Professions Code § 17200 et seq. These actions, circumvents the
14 integrator ("SRE") of the purchased a software licenses. The Deceit, Misrepresentation,
15 Conversion and Interference, caused and creates, a ZERO (0) Value of any Software, making it
16 worthless, even if the hardware, was returned. Where as SRE based profiets on *representations*
17 from INX's agents, in it's efforts to further confirm, and apply it's fraudulent inducement, made
18 promises of resale (recourse) (as requested) by SRE of the INX system in this high Risk customer
19 brought by INX (from the start). We will show from the time the funds were transferred from the
20 California bank to the Texas location of Stratasoft offices and duly deposited. INX breached it's
21 first responsibly, Fiduciary duty, it did NOT send a receipt, nor confirmation or Invoice with serial
22 numbers, that would allowed SRE ownership. SRE asked several times with demands (in
23 complaint). INX, did NOT install requested remote, software cutoff (dongle) in the switch as
24 represented to SRE by INX agents, (shown in the maintenance agreement) prior to disbursement of
25 the monies. That lack fudiciary responsibility cause irreparable injury, that was to have placed the
26 ownership, and toggle in the name and express use of "ONLY" SRE, allowing "quiet enjoyment" as
27 termed and identified in the *Uniform Commercial Codes 1 and 2-202-209*. Instead, SRE was
28

1 deprived of the money, ownership, the customers using the system and any form of quiet
2 enjoyment. The losses caused irreparable harm both monetarily and emotionally, do not make up
3 for the losses of profits from the time the funds were placed in INX's account to date. The future
4 profits, the current and future customers of SRE were, and are still unable to partition, rent, lease,
5 use, said equipment, software and licenses, that were part of the the purchase. This agreement was
6 memorialized and identified both on emails and in writing on the side of SRE and agreed to by INX
7 memorializing with the checks. These funds and what they were used for, are completely unknown
8 to SRE in origin, from the time of INX deposit of checks, still SRE has now and then never had
9 anything to show for it. No equipment, no licenses, no software, verification and or users, no
10 customers, no write off, nothing to show. All of which INX has had since the funds were deposited
11 in INX in 2004.

12

13 **STANDARD OF REVIEW**

14 In considering a motion to dismiss, a court must take the allegations of the complaint at face value
15 and must construe them favorably to the plaintiff. The allegations in the plaintiff's complaint are
16 presumed true. Dismissal for failure to state a claim upon which relief may be granted does not
17 require appearance, beyond a doubt, that plaintiff can prove no set of facts in support of claim that
18 would entitle him to relief. *Miller v. Glanz*, 948 F.2d 1562, 1565 (10th Cir. 1991). A court should
19 not grant a motion to dismiss unless it appears beyond doubt that the plaintiff could prove no set of
20 facts supporting the claim, which would entitle plaintiff to relief. *Huxall v. First State Bank*, 842
21 F.2d 249, 250- 51 (10th Cir. 1988). The court's function on a Rule 12(b)(6) motion is merely "to
22 assess whether the plaintiffs complaint alone is legally sufficient to state a claim for which relief
23 may be granted." *Miller*, 948 F.2d at 1565. The U.S. Supreme Court in *Bell Atlantic Corp. v.*
24 *Twombly*, 127 S.Ct. 1955 (2007) The Court held that complaints must now state enough facts to
25 make it **plausible** that the plaintiff is entitled to relief. Put simply, the facts stated in a complaint
26 must make the allegations alleged plausible under the "new test" announced by the Court as
27 opposed to merely possible as previously would pass muster under *Conley*. SRE's complaint
28 alleges sufficient facts that are plausible to show that INX breached their duty, reasonability, under
the agreement and SRE continually suffers due to their actions

1 **ARGUMENT**

2 **Subject Matter Jurisdiction**

3 INX claims in its Motion to Dismiss that the complaint on its face fails to allege facts sufficient to
 4 establish subject matter jurisdiction. The enabling statute for federal question jurisdiction, 28
 5 U.S.C. § 1331, provides that the district courts have subject-matter jurisdiction in *all civil actions*
 6 *arising under the Constitution, laws, or treaties of the United States.* SRE's claim is within the
 7 confines of a constitutional law, specifically the last part of Amendment V of the bill of rights
 which states that:

8

9 No person shall be deprived of life, liberty, or property, *without due process of law; nor shall*
 10 *private property be taken for public use, without just compensation.*

11 Again the Plaintiff re-affirms that due to INX's actions they are still being deprived of their "right"
 12 to their property the "equipment, software, licenses", "right" to \$128,000.00 28 U.S.C. Sec. 1332.
 13 plus all interests from INX actions as a clearinghouse with regard SRE monies, and returns, fines
 14 and restitution are the actions for relief, in accordance with the California and US Codes, which
 15 this court has jurisdiction in hearing. For the second and third cause, *Federal Statute of Frauds* § 2-
 16 212-§ 2-716, *Computer Fraud and Abuse Act*, 18 U.S.C. §§ 1030 et seq. A, *Electronic Fund*
 17 *Transfer Act of 1978 ACT U.S.C.*

18

19 As stated above that on or about June 28th 2004 INX sent the property : licenses, software and
 hardware, "Equipment" over state lines as well as over telephonic communications lines, and
 20 Mailed to another client of INX. Therefore the court does have subject matter jurisdiction over this
 dispute and the defendant's claim "of lack of subject matter jurisdiction" should be dismissed.

21

22 **III. JURISDICTION**

23 Diversity Jurisdiction

24

25 INX has continues to make further accusations regarding, diversity jurisdiction. SRE's complaint
 26 meets the requirements of diversity jurisdiction as the amount in dispute is greater than \$75,000 and
 27 is proper pursuant to 28 U.S.C. Sec. 1332. The claims in SRE's complaint arise out of Inter-State
 28 Transactions, California Unfair Business Practices and Electronic Transfer Act, etc. INX is a
 corporation located and doing business in Texas, SRE is a company doing business in California.

This is keeping within the spirit of "The framers of the Constitution" were concerned that, where a
1 case was brought in one state involving parties from both that state and another, the state court
2 might be biased towards the party from its own state. Congress first exercised that power and
3 granted federal trial district courts diversity jurisdiction in the Judiciary Act of 1789. SRE brought
4 this action in the proper venue and based on the above has met the burden to show that the parties
5 that this dispute is from different states, the amount in dispute is greater than provided in the statute.
6 Therefore INX's motion to dismiss based on Diversity Jurisdiction should be not granted. INX
7 further is guessing at locations of any other defendant without proof, of other defendants. However,
8 in efforts to dispel any thoughts of not responding to those claims from INX, Touch Asia, Rudy
9 Ngaw, has not been found per investigation that are on going. According to Press releases (Exhibit
10 #1) filed in 04 and 06 that state "Touch Asia and Rudy Ngaw", transits between the USA and the
11 Philippines with no other current location in California according to the process servers and
12 services hired to find him. According the Rules both local and federal, SRE should file with last
13 known location, to get to the discovery stage. At this time Motions have been requested to serve
14 the State *pursuant to Section 416.20 of the Code of Civil Procedure* to file in default Touch
15 Asia/Rudy Ngaw. INX challenges another defendant as stated in reply as to Diversity jurisdiction.
16 It would appear that INX in their haste to have this motion dismissed, has solely relied on the
17 complaint that have *would* later been proven at discovery. US COLO, COLO6 are both in fact
18 Nevada companies, with Nevada bank accounts, Nevada Head of operations living and residing in
19 Reno Nevada. Leaving no diversity, Offices in multiple states does not show diversity. They are in
Nevada, head office, Satellite offices in California and Washington. State of Nevada Attached
Exhibit #2

20 CONCULSION

21 INX knows exactly what is at issue in this case and alleged in SRE's Complaint, INX has acted with
22 the specific intent of causing SRE the precise type of damages SRE has alleged. Through its action
23 outside and now in side this honorable court, INX continues to not recognize SRE in any capacity.
24 INX has decided to not only waste SRE's time in an agreement that it had not intent in honoring but
25 now chooses to waste this courts time with an un-supported motion to dismiss. SRE has repeatedly
26 demonstrated by detailed factual and documented evidence to support its responses, where INX has
27 done nothing but to state unsupported allegations in their motion to dismiss. However, INX was
28 successful in anticipating these types of claims which were demonstrated in its sale of their

1 subsidiary who is a co-defendant in this action. In having several other like and similar filings
2 against the company, in 2004, 2005, 2006 in both Florida and Texas for similar accusations INX
3 decided to create a trust account to protect their transaction. (INX's K8 shows that any filing's
4 before, January 26 2008, would be subject to disbursement from trust account for such types of
5 disputes) It is clear that INX engages in these types of transactions and knows how to protect
6 themselves, a protection that was not afforded to SRE. Again, SRE has met the pleading
7 requirements for its claims against INX. INX's Motion to Dismiss should be denied and SRE
8 should be allowed to continue its actions against this defendant. For all of the foregoing reasons, we
9 submit that INX's Motion to Dismiss should be denied.

Stratasoft Is Awarded Another International Call Center Contract in Asia

Integration Fulfils Customer's Need for End-to-End IP Call Center

HOUSTON--(BUSINESS WIRE)--Sept. 14, 2004--Stratasoft Inc. ("Stratasoft"), a wholly owned subsidiary of I-Sector Corporation (AMEX:ISR - News) and a worldwide provider of contact center solutions, announced that its award-winning StrataDial? VC2 - Virtual Contact Center software and StrataVoice? Notification System suite has been awarded a \$285,000 USD contract to provide Stratasoft's StrataDial Call Center technology for TouchAsia.

TouchAsia's offices are located at a high-rise in Manila's prestigious central business district. The building provides back-up generators and round-the-clock security, ideal for its 24 x 7 operations. Aside from offering a turnkey contact center outsourced solution, TouchAsia also provides solutions to meet other contact center requirements.

The telecom network is engineered to have redundant connectivity between TouchAsia's U.S. and Philippine offices. The facilities in Los Angeles provide the capability to have multiple routes for long distance calls, and to manage toll-free and local access number call routing to the Manila site.

TouchAsia is very pleased and excited about the functionality the StrataDial? VC2 in conjunction with what VoIP technology offers. Rudy Ngaw, president, commented, "We evaluated over ten prospective vendors and Stratasoft was by far the vendor and product of choice. We knew that the purchase of a Stratasoft StrataDial system would allow our company to grow while providing better quality of service to our customers while we receive excellent support and service."

Jason Pace, vice president of sales and marketing for Stratasoft, comments, "We are very excited to be working with TouchAsia and the future growth they are presenting. They are equipped with the necessary experience to manage and continually build a world-class company. The management team is skilled, energetic and committed both to the tasks at hand and to the company's future."

About Stratasoft Inc. and I-Sector Corporation:

Stratasoft is a wholly owned subsidiary of Houston-based I-Sector Corporation (AMEX:ISR - News) and is an acknowledged technology leader in professional contact center systems. Stratasoft has a comprehensive patent portfolio that includes predictive dialing, predictive dialing algorithms, contact center database management, contact center campaign scripting and contact center management systems. Its product line consists of StrataDial?.VC2 - Virtual Contact Center, a 2002 Product of the Year award winner from both Customer Inter@ction Solutions? and Communications Solutions? magazines, and StrataVoice?, an Unattended Message Notification System. All of Stratasoft's products incorporate functionality that is 100% customer-driven and are designed to maximize productivity in any contact center application. Learn more about Stratasoft Inc. on the Web at www.stratasoft.com. Information about I-Sector Corporation can be found at www.I-Sector.com.

**Touch Asia NEW Call Center Site in Cebu City, Philippines
New Call Center in Cebu Philippines**

(EMAILWIRE.COM, July 27, 2004) TOUCH ASIA OPENS NEW CALL CENTER SITE IN CEBU

Leveraging on the fast growing call center industry in the Philippines, Touch Asia Contact Solutions (Phils.), Inc. is opening a new call center site in Cebu this August. This is in addition to the Head Office in California, USA and the call center in Makati City.

Touch Asia, a Filipino-owned company, joins the increasing number of call centers who have set up and located their additional call center sites in Cebu, the Queen City of the South. Why Cebu? Cebu City in the Visayas is a suitable place for putting up business in terms of manpower, stability and infrastructure. Cebuanos have a firm grasp of English because it is their second language. Among the cities in the South, Cebu also has the most stable communications infrastructure making it suitable for call center firms to locate there. Aside from these, there are also tremendous cost-saving possibilities.

According to Touch Asia's General Manager, Mr. Allan Michael Ebue, the opening of a new site in Cebu was necessary to accommodate the growing number of Touch Asia's clients within the US, UK and Australia. Currently, the company is employing more than 300 contact center agents and employees in the recently-expanded Makati site at the Peak Tower, and will be doubling the number of employees when the Cebu site becomes fully operational.

The new site in Cebu has a seating capacity of 60 and will be up by early August of this year. The site can be immediately expanded up to 100 -150 seats, if and when necessary. The Cebu site is fully-equipped and is complete with the all the necessary facilities. The center is built according to international standards with state-of-art generators and backup contingency systems.

With its unique business model, Touch Asia is a total business solutions provider. Our vision is to become the premier provider of COMPLETE and INNOVATIVE contact center and outsourcing business solutions to meet the evolving business and telecommunication needs of today's ever changing world. We empower our clients and exceed their expectations by delivering high quality service with our unique business model, high-end technology and talented and pro-active manpower. Together with our international and local partners, who are among the best and experienced in their field, Touch Asia offers a wide range of products and services that can be tailor-made to fit our clients' business requirements.

**Touch Asia Call Center, Cebu City, Philippines
Call Center Head Office moves to Cebu Philippines**

(EMAILWIRE.COM, DECEMBER 12, 2005) TOUCH ASIA MOVES HEAD OFFICES TO THE CEBU CITY, PHILIPINES

Touch Asia Contact Solutions (Phils.), Inc. is moving its head offices to Cebu this December. This move is strategic, to work with the fast paced business model along with colo facilities for the equipment in Seattle, New York and Los Angeles USA..

Touch Asia, a Filipino-owned company, who has joined some of the largest call center service centers in the world, has brought their head offices to the Philippines as well.

Touch Asia's General Manager, Mr. Allan Michael Ebue, welcomes Mr. Rudy Ngaw cofounder back to his home country. It is necessary for Mr. Ngaw to work and live in the Philippines for so much of the year; we finally moved him here and welcome his family.

With the opening of new sites in Cebu, Touch Asia's clients within the US, UK and Australia need someone who can raise the bar. The 300 contact center agents and employees in both Cebu and the Makati site at the Peak Tower need operational hands on support.

We cite the new press letter from August:

The new site in Cebu has a seating capacity of 60 and will be up by early August of this year. The site can be immediately expanded up to 100 -150 seats, if and when necessary. The Cebu site is fully-equipped and is complete with all the necessary facilities. The center is built according to international standards with state-of-art generators and backup contingency systems.

With its unique business model, Touch Asia is a total business solutions provider. Our vision is to become the premier provider of COMPLETE and INNOVATIVE contact center and outsourcing business solutions to meet the evolving business and telecommunication needs of today's ever changing world. We empower our clients and exceed their expectations by delivering high quality service with our unique business model, high-end technology and talented and pro-active manpower. Together with our international and local partners, who are among the best and experienced in their field, Touch Asia offers a wide range of products and services that can be tailor-made to fit our clients' business requirements.

Table of Contents

Item 2.01 Completion of Acquisition or Disposition of Assets
Under a Stock Purchase Agreement dated January 26, 2006 (the "Agreement"), INX Inc. (the "Company") sold all outstanding shares of its Stratasoft, Inc. subsidiary's common stock ("Stratasoft") to The Resource Group International Limited ("Buyer"). The sale was announced in the Company's press release dated January 31, 2006 filed as Exhibit 99.1 to this Form 8-K. Key terms of the Agreement are summarized as follows:

- All outstanding Stratasoft common stock was sold for a purchase price of \$3,000,000, reduced by:
 - \$800,000 placed in escrow, which is available to satisfy indemnified losses, if any, as defined in the Agreement.
 - \$221,470 representing a preliminary net working capital adjustment, as defined. The working capital adjustment is to be finalized by March 27, 2006.
- The Company indemnified Buyer for losses as defined in the Agreement to a maximum of \$1.4 million, inclusive of amounts placed in escrow. Excess funds held in escrow will be released on January 26, 2008 unless retained in escrow for potential indemnified losses as allowed in the Agreement under certain circumstances.
- The Company may receive additional consideration in the form of 10% of the outstanding Stratasoft common stock if revenue exceeds \$10 million for any consecutive twelve month period within two years of closing.
- The Company may receive additional cash consideration if Stratasoft is sold by Buyer to another party for an amount in excess of \$15 million.

Transaction costs of \$614,209 are payable by the Company in connection with the transaction. Additional transaction costs of up to \$120,000 are payable based on the Company's final purchase price.
